A DAY ON **SÃO MIGUEL ISLAND**

PDL

Venture to the largest of nine islands that make up Portugal's **Azores** archipelago for a day immersed in majestic scenery. Start with a challenging morning hike up **Pico da Vara**—the highest point on the island—then head to **Mercado da Graça** to refuel with sandwiches and freshly squeezed juice made from local produce. For underwater exploration, scuba dive to the sunken **Dori**, a vessel near the Ponta Delgada Harbour from World War II where moray eels, octopuses and colorful fish have made shelter. In Ribeira Grande, **A Mulher de Capote Liquor Factory** offers distillery tours and samples of liqueurs crafted from passion fruit and pineapples. Venture to the other side of the island to wind down the day with a restorative soak in **Terra Nostre Park's** mineral-charged warm-water spring among subtropical palms and ferns.
